

The PS300 is the ideal system for processing medium to heavy volumes of single sheet documentation at a processing speed adjustable up to 9.000 forms per hour.

This machine incorporates many new features, including the acceptance of landscape forms, options include a perforator and a centre cutter for a 2-to-view operation.

The Pressure Seal Concept is simple, effective and essential for processing salary and pay advice notices, cheques and remittance forms, tax notification and pension forms.

The Pressure Seal Group can reduce your costs, improve labour efficiency and ensure document confidentiality.
