

The latest addition to the Pressus' range of folder sealers, the Print 2 Mail is ideal for the small / medium office wanting an 'online' pressure seal solution.

Our folder-sealer accessory integrates with the HP LaserJet range of printers to give a performance of up to 3900 folded and sealed forms per hour (printer dependant). The accessory can be purchased separately for use with your existing compatible printer\*, or as a complete one-stop solution.
