PostMate 3plus

Operator friendly digital control panel

Larger hopper holding up to 800 printed

The PostMate 3 is a medium to high volume easy to use compact desktop machine that can be utilised for both your Pressure Sealing and Paper Folding requirements.

It has an in-feed capacity of up to 800 printed pressure seal forms and cycles at a speed in excess of 5,700 forms per hour. Z, C, V and bespoke folds are available with the easy to use fold settings.

The PostMate 3 incorporates lockable fold plates and an easy to use jam release system with good overall access.

The standard Output Catch Tray holds up to 200 sealed forms. Other optional High Capacity Output devices are available. Auto start, batch count, auto jam release and auto double detect are standard features on this machine.

Accessories: Cabinet with storage, Output convertor, Vertical output stacker
